---

### CareerLoom- Online Job Marketplace

[Live Preview](#)  [Client code](#)  [Server code](#) 

- Users can also check the job description, bid amount, and deadline.
- The job owner also sees a job bid request from the bid request route, and he or she can accept or reject that job.
- Users can also post a new job from their account.
- This web application uses a Firebase authentication system

**Technology:** React.js, Tailwind CSS, MongoDB, Express.js, Node.js, Private route, Firebase Authentication.

### Polling and Survey App

[Live Preview](#)  [Client code](#)  [Server code](#) 

- This is a full-stack online polling survey app.
- Users can participate in online polling and also make reports for a survey.
- Pro users can complete their payments using an online payment system (Stripe) and also make comments.
- There are admin, surveyor, and user dashboards. The admin can manage all users and surveys.

**Technology:** React.js, Tailwind CSS, MongoDB, Express.js, Node.js, Private route, Firebase Authentication.
